

Our vision is that every low-income, single parent in Larimer County is empowered to become self-sufficient. Your gift will help make that vision a reality.

**Project Self-Sufficiency (PS-S)** carries out its mission...

“to assist low-income, single parents in their efforts to achieve economic independence and become free from community and government assistance while building and maintaining strong, healthy families”

...through regular gifts from its many faithful donors and by building our Endowment Fund.

**The Board of Directors and Staff** are committed to building an Endowment Fund, so that our organization becomes “self-sufficient.” We are striving to increase the fund to an adequate level that would cover our annual administrative and fundraising expenses, so that every dollar given by our faithful and generous donors each year can be devoted to the programs offered by Project Self-Sufficiency.

**By building our permanent Endowment Fund** to \$4 Million or more, Project Self-Sufficiency will produce earnings that are adequate to cover administrative costs and create financial security. We will decrease dependence on fluctuating and unpredictable sources of revenue, while also addressing necessary and fixed costs.

**More importantly though, every dollar received** through public and private grants and individual donor gifts can then be used to touch the very ones we are striving to help by providing direct program support.

**Consider making a gift today** to support our Endowment Fund and ensure long-term organizational success and financial stability, so that we may continue to positively impact lives and break the cycle of poverty in Larimer County.
